Re: Off-Site Rule Acceptability Determination
Twin Bridges RDF
IDEM 32-02

Dear Mr. Nelson:

This letter is in reply to the August 26, 2003 letter to Mr. William Damico regarding the Twin Bridges RDF request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (a) (4), my staff has determined that no relevant violations or releases currently exist at Twin Bridges RDF. Therefore, Twin Bridges RDF located at 124 Twin Bridges Road, Danville, Indiana is acceptable to receive non-hazardous wastes from CERCLA sites at the cells which meet the minimum technology requirements for subtitle-D landfills.

The acceptability determination is based on the assumption that only non-hazardous waste for which Twin Bridges RDF is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,

A handwritten signature in cursive script, reading "Harriet Croke".

Harriet Croke, Acting Chief
Enforcement and Compliance Assurance Branch
Waste Pesticides and Toxics Division
